

TESAB

5040SF

FEEDING STACKER

The newly designed Tesab 5040SF is the latest offering as a feeder stacker. It comprises of a 10ft feeder hopper that transfers material onto a 50ft conveyor. Designed to allow operators to stockpile/transfer material, it eliminates double handling of materials.

The unit can also be compacted for transport into a 40ft high cube container, reducing transport costs.

FEATURES & BENEFITS

- 40" (1000 mm) wide heavy-duty conveyor
- Hydraulic folding heading section for transport minimizing setup time
- Hydraulically adjustable discharge height up to 6.5m
- 3.5m tracks for superior maneuverability and stability
- Fuel efficient Hydraulics system
- User Friendly Hydraulic Controls

STACKER

TESAB

Heavy duty main 40" (1000mm) wide conveyor and 50' long offers hydraulic folding.

Steel hopper allows operators to load 6m³ of standard aggregates with hopper extensions option to increase capacity.

Hopper extensions increasing capacity.

Hydraulic folding heading section for transport.

Fully portable tracked unit with 3.5m wide tracks, allowing for maximum on-site stability.

DIMENSION & CAPACITIES

* Depending on application

Engine	Weight	Hopper Capacity	Production Rate*		
55kW (74Hp)	14,500kg approx. (31,967 lbs)	6m ³ (8 yd ³)	up to 550 TPH		
TRANSPORT DIMENSIONS			WORKING DIMENSIONS		
Height	Width	Length	Height	Length	Stockpile Height
2.6m (8' 5")	2.3m (7' 6")	2.6m (8' 5")	6.5m (21' 3")	18.9m (62' 2")	6.5m (21' 3")
